**PROUD SUPPLIER TO
ROCKWOODS BAR & GRILL.**

WHO WE ARE

Our mining reserve supplies the finest quality construction sands and maintenance products in the region. Providing athletic, golf, horticultural, landscape, rain garden mixes and rooftop garden mixes.

TESTIMONIAL

"Having a safe walkway for our guests is really important. We started using Plaisted's Mega Melt ProSlicer and noticed a big difference! We are applying less product, but having better results. It works quickly and lasts a long time."

- Katie Franaschouk, Rockwoods Bar & Grill

ICE CONTROL SAND

Plaisted Ice Control Sand is washed coarse sand that will not tunnel over augers, always free flowing.

BAGGED SALT

Plaisted offers a variety of bagged salt including Mega Melt ProSlicer and Ice Cutter.

SALT-SAND MIXES

Our Salt-Sand Mixes are mechanically blended and screened to insure consistency. We have 20% salt-sand mixes in stock - custom ratios are available by special request. Delivery available!
