PORTABLE BLENDING

As *Soil Experts*, Plaisted Companies can provide portable blending solutions between construction and landscaping development. The *Accublender™ 2* is a portable two-bin blender capable of blending up to 2,500 tons of material a day on-site. This is ideal for locations where acceptable materials are available to blend and there is sufficient space.

Other benefits of the *Accublender™ 2* include:

- Turnkey solution creating soils from recovered and sourced materials
- Soils customized for the most demanding of applications
- Environmental impact reduced, cost savings increased
- Freedom to blend your own material or we can help
- Additional materials delivered
- Analysis of on-site materials
- Soil specification produced
- Cross blending
- Delivered to your location
- *2,000 ton minimum + mobilization fee is required*

Consistent quality. Reliable Delivery.

Our pledge to customer satisfaction.

Give us a call 763.441.1100 for a quote.
